

It has been brought to my attention tht The Consumer Bankers Association (CBA) has chosen to challenge Indiana's Telephone Privacy law in a proceeding before the Federal Communications Commission (FCC). I am strongly opposed the CBA's efforts. The telephone privacy law has been one of the best and effictive acts by the State of Indiana to elminate the privacy invasion and harrassment that had previously been visited upon my household by the commercial business community. I urge you to not allow crass commercial intersts to invade and annoy me like they did before.

Sincerely,

Richard Giarina
